Subject: RE: Bridgeton Landfill - West Lake Landfill: Core Sampling Work Plan (Phases 1B, 1C, and 2) and Core Sampling (Phases 1B, 1C, and 2) Health and Safety Plan
[USEPA Cover Letter - Phase 1B 1C and 2 Work Plan Submitted 12-18-13.pdf](#)
[BT-012 Coring SamplingWork Plan - 12-18-13 - Final.pdf](#)
[Phase 1B -1C - 2 Core Sampling HSP 12-18-13.pdf](#)

Good Evening,

On behalf of our client, Bridgeton Landfill, LLC, we hereby submit a revised version of the *Core Sampling Work Plan (Phases 1B, 1C, and 2)* and the *Core Sampling (Phases 1B, 1C, and 2) Health and Safety Plan*. Please note we have endeavored to address all 35 comments from your December 4th, 2013 letter within these two plans. We have our sonic driller on call for the week of January 6th, 2014. It is envisioned that the driller will mobilize early in that week, and then will undertake 1 day of GERT training, so drilling would most likely commence mid week. We will only commence operations after we receive written approval from the USEPA.

I look forward to continue to work with your staff, and your on scene coordinators. If you have any questions, please contact me.

Thank you,

Dan Feezor
